

# Safety in our Stamford Downtown restaurants depends on you too!

## Wear a Mask.

Masks are **required** unless you are seated with food or drink at your table. Masks on as you enter, exit, and go to the restroom. Masks can come off as soon as your drink or food arrives at your table. We ask that you wear your mask whenever interacting with our service team.

*We are grateful for your support and value your patronage during this difficult and strange time.*

*Bon Appétit!*

## Hours of Operation.

Our legal hours of operation on our street patios are: Sunday-Wednesday until 10pm Thursday-Saturday until 11pm. That means we can't take your order within 30 minutes of that time. Private patios and indoor dining rooms can stay open as liquor license regulations allow.

## Purchasing Alcohol.

You **cannot** purchase an alcoholic beverage without purchasing food made in our kitchen. Bags of chips don't count! If you don't have food on your table, you cannot drink alcohol, unless you are waiting for your food to arrive. You **can** be served alcohol while you wait for your food to arrive.

## Party Size.

Max party size is 10 people per table; No standing at or around your table.

*Management has the right to refuse service if a patron is not following the rules. Restaurants also have the right to call Stamford Police if a patron refuses to leave. Our license depends on you following the rules.*
